POTATOES sell for 12 cents a bushel in Honey Falls, N. Y.

THE movement in favor of a straight-out Free Silver Party is growing everywhere.

THE Mohave Miner and Phenix Express are doing good service in the cause of Free Silver.

WHAT'S the matter with the tannery at Thatcher? This enterprise should not be allowed to die out.

DON'T fail to say a good word for your town and county wherever you go.

THE time between Chicago and San Francisco, by rail, is to be shortened to a little more than three days.

THE coming winter will witness more substantial improvements in Safford than has been made in the last five years.

THERE are portions of the valley where the alfalfa has not been touched by frost and is still growing quite rapidly.

WHEN Congress convenes in December the Senate will be made up as follows: Republicans, 42; Democrats, 37; Populists, 8. There will be one vacancy—in Delaware.

IF your business men are "hide bound" you had better get rid of them, because so long as you are burdened with them your town will not amount to anything.

LAST year Arizona produced \$20,000,000. Next to Montana and Michigan we produced more copper than any other state or territory of the Union.

BROTHER DUNBAR, of the Gazette, has taken up his pen in favor of William R. Morrison for President in 1896. No purer man ever fulfilled a public trust than Morrison of Illinois. He is the man to reunite the masses in the approaching contest.

WEEDS along railroad tracks are now killed by the "electric weed-killer." It consists of a car carrying a dynamo which sends a heavy current into a sort of rake of fine wires dragging among the weeds on each side of the track. As the wires touch them the weeds are "electrocuted" down to their smallest rootlets. It is proposed to introduce the same system in farming.—Republican.

THE report of the Nicaragua Canal Commission is now in the hands of the President. While its full contents are, of course, not known, it is confidently stated that the report is favorable to the enterprise, and that the route surveyed is regarded as entirely feasible. The cost of the canal will be about \$110,000,000, and 20,000 men will be needed for the work. The time required for the completion of the canal is estimated at six years. L. A. Times.

A DISPATCH dated City of Mexico, Nov. 15th says: A prominent Spaniard here, who is in close touch with the Spanish government, says that before Spain will concede Cuban independence or permit the island to come under United States protectorate she will throw it into the hands of England, conceding to England ostensible possession for a number of years until England collects the sum of money which is due her from Spain for advances to carry on the war with Cuba.

Stockholders Meet.

Pursuant to a call the stockholders of the Enterprise canal met at Packer's hall last Saturday at 10 o'clock a. m. The object of the meeting was to decide on a location for the head of the canal.

It was decided to locate the head on the south side of the river, as it was not considered practicable to take it out on the north side and then flume it back.

Messrs. Samuel Logan, W. B. Foster and N. P. Beebe were chosen as a committee to locate the exact point at which the head shall be constructed on the south side of the river, and to report at a stockholder's meeting called for Saturday, Nov. 20th, at 10 o'clock a. m., in Packer's hall.

Bishop John Taylor, of Pima, was present at the meeting to see what steps are necessary to extend the canal to Pima. He said that a large tract of valuable land can be brought under cultivation by this extension. County Surveyor Logan proposed to run the necessary survey for the canal and ascertain the amount of land it would cover, if Pima will furnish the necessary men to assist, and report to the stockholder's meeting.

This proposition will undoubtedly be acted upon, as the people of Pima cannot afford to allow the canal to terminate before reaching their town.

Thanksgiving Proclamation.

TERRITORY OF ARIZONA, EXECUTIVE OFFICE, PHENIX, ARIZ., Nov. 7, 1895.

During the past year our people and the Territory have been steadily advancing in material, educational, moral and religious development, which tells for the happiness of the people and permanent prosperity. The desert places are being reclaimed; bounteous rains have given abundance of pasture to our herds; the mines are yielding their treasures. The husbandman rejoices in the generous product of the farm; the merchant, mechanic and all classes of toilers enjoy a renewal of trade, which establishes a confident hope for the future. Our health restoring and health preserving climate has insured us against epidemic, pestilence and many forms of disease. All the factors of civilization are planted and experiencing a substantial growth. These conditions should invoke a spirit of gratitude, thanksgiving and praise to the Giver of so much good.

Mindful of the principals the Pilgrim fathers planted on our shores, and the time honored custom of more than a century, and in conformity with the proclamation of Grover Cleveland, President of the United States, I, Louis C. Hughes, Governor of the Territory of Arizona, do hereby appoint Thursday, November 28th, A. D. 1895

A DAY OF THANKSGIVING, GRATITUDE AND PRAISE.

I recommend all public business be suspended on that day; that we assemble in our usual places of worship and return thanks to God for His loving kindness and invoke a continuance of Divine favor.

May the faith and traditions of our fathers be rekindled and transplanted in this new region (our adopted home) and civil and religious liberty, moral and material prosperity, enlightened and free government be vouchsafed to us forever.

In testimony whereof, I have hereunto set my hand and caused the Great Seal of the Territory to be affixed.

Done at Phenix, the capital, this 7th of November, 1895 and of the Independence of the United States the One Hundred and Twentieth.

By the Governor, LOUIS C. HUGHES.

F. B. DEVEREUX, Acting Secretary of Territory.

"God be merciful unto us and bless us."

And cause His face to shine upon us."
